

HILLARY CHALLENGE

Notice for clubs

The Hillary Challenge, organised by The Sir Edmund Hillary OPC, aims to find the Top Secondary School Outdoor Adventure Team in New Zealand, being a contest of skill, endurance and values in the New Zealand wilderness. Teams are scored on their skill, speed and endurance during a 5-day series of outdoor adventure challenges, including a 2-day Rogaine style expedition. As part of their preparation/qualification for the Challenge your club may be asked to assist in providing schools navigation experience through orienteering and signing off that they have done the requisite courses. It is recommended that schools are encouraged to do this through your existing club programme, rather than by way of special events. For further information see:
